The science of sustainable beauty

Actives and Natural Origins

The Natural Origins portfolio celebrates both the wealth of global biodiversity and the magic of local roots. It uses Clariant's extensive worldwide network of local partners to provide access to a whole new world of exotic biomes and age-old plant knowledge, complemented by transparent and ethical sourcing whenever possible, responsible cultivation, and fascinating narratives.

Origins combines caring for the world with providing good care for skin and hair – and carries the product-enhancing allure of distant soils, stories and horizons. Our mission is to make a change from plant to bottle, ultimately impacting the industry sustainably to contribute to a more beautiful world – for people and planet alike.
